trinidadmargni@gmail.com | www.trinidadmargni.com | linkedin.com/in/trinidadmargni | CABA, Argentina

+5 years of experience. Led cross-functional international teams and projects for clients such as **United Airlines** and **YouTube**, delivering global initiatives across multiple time zones. I've also supported a team of **30 professionals** in tech, including Developers, QAs, and DevOps, assigned to the ServiceNow account.

WORK EXPERIENCE

Team Success Manager & Project Operations

Sept. 2025 – Present

Nortal | ServiceNow Account

- Lead and support a cross-functional team of 40 IT professionals — Developers, Engineers, QA, and DevOps — assigned to ServiceNow, one of the largest and most complex IT accounts in the company, driving delivery alignment, performance and project tracking, and continuous improvement through structured 1:1s and feedback loops.
- Contribute to internal Delivery initiatives including time tracking oversight, onboarding optimization, documentation practices, and supporting the rollout of an AI adoption plan impacting all contributors across the account.
- Serve as a key leadership point of contact for the team, identifying risks, managing escalations, and communicating with internal and external stakeholders to remove blockers and enable delivery across the full software development lifecycle (SDLC).
- Operated within a global, cross-cultural environment spanning 3 continents and 14+ countries — including Argentina, Uruguay, Brazil, Costa Rica, Colombia, Bulgaria, Canada, Chile, Ecuador, Peru, Estonia, Poland, India, and Spain — with client stakeholders based in the United States.

Senior Project Manager

April 2024 – Sept. 2025

.Monks | YouTube Team

- Consistently managed ~15 simultaneous email campaigns at any given time directly for YouTube — spanning marketing and legal communications — overseeing the full project lifecycle across cross-functional teams (Developers, QA, and Design) in a zero-error-tolerance environment, with each release impacting millions of users globally.
- Owned resource allocation and capacity planning across all concurrent campaigns, proactively identifying risks, managing technical dependencies, and ensuring timely delivery while maintaining alignment with multiple stakeholder groups at global scale.
- Drove process optimization and implemented best practices to improve efficiency, scalability, and delivery consistency across all parallel initiatives.
- Acted as Agile facilitator for the team within a hybrid Agile/Waterfall delivery framework, leading daily scrums, retrospectives, quarterly planning sessions, and project kick-offs, while owning risk identification and blocker resolution to ensure uninterrupted delivery.
- Operated within a global, cross-cultural environment spanning 3 continents and 12+ countries — including Argentina, Mexico, Canada, India, Japan, Taiwan, Spain, France, Turkey, China, Thailand, and South Korea — with client stakeholders based in the United States.

Ssr. Project Manager | Marketing & IT

March 2023 – April 2024

VML | United Airlines Team

- Maintained a steady pipeline of 15–20 concurrent email campaigns and web releases at any given time for a large enterprise client, owning resource planning and capacity planning across all initiatives — with each release impacting millions of users globally.
- Led the DQK project — an ongoing web release initiative — coordinating production environment releases across Development, QA, Design, and stakeholders in parallel with all ongoing campaigns.
- Managed end-to-end release coordination including dependency tracking, approval workflows, and technical blocker resolution, standardizing workflows and documenting technical best practices to support scalable delivery across global English- and Spanish-speaking teams.
- Acted as Agile facilitator for the team within a hybrid Agile/Waterfall delivery framework, leading daily scrums, retrospectives, quarterly planning sessions, and project kick-offs, while owning risk identification and blocker resolution to ensure uninterrupted delivery.
- Operated within a cross-border environment with teams based in Argentina and client stakeholders in the United States, ensuring seamless communication and alignment across time zones entirely in English.

Ssr. Project Manager | Marketing & Web Development

Nov. 2022 – March 2023

The Darl

- Managed delivery of website development and email development projects for multiple client accounts, coordinating cross-functional teams across the full project lifecycle from planning to deployment.
- Bridged communication between technical and non-technical stakeholders, overseeing timelines, progress tracking, and quality standards across concurrent digital initiatives.
- Identified and implemented process improvements to streamline workflows and improve delivery consistency across projects.
- Operated within a global, cross-cultural environment spanning Argentina, the United States, and Brazil, with stakeholders based in the United States and Saudi Arabia.

Project Manager | Marketing & Web Development

Dec. 2020 – Nov. 2022

Snappy Commerce

- Managed cross-functional projects end-to-end using an OKR-driven approach, spanning content, paid media, analytics, and communications, ensuring alignment with business goals and on-time delivery.
- Collaborated with the development team to coordinate website maintenance, SEO efforts, and a full rebranding initiative, ensuring consistency and quality across digital channels.
- Improved team organization and workflows, contributing to more efficient execution and standardized processes across all digital initiatives.
